VICTORY IN LONDON

AGAINST RED FRONT AND MASSED REACTION

On Saturday 12th of September over a thousand people attended a concert of Hatred. Tickets were readily available from all high street ticket vendors, adverts were placed in all major music papers promoting the event. This concert shocked no one, there was no outcry, no demonstrations and no news media scandal stories. The band played without any hitches, vindicating Black Power and violence openly in their stage act.

Only a few miles away, a demonstration was being held against another concert. After weeks of slanderous media coverage an entourage of dirty left wingers converged on the meeting point for this concert. MP's were calling for the concert to be banned. Publicans all over London were being harassed by Communist Thugs desperate to stop the concert. The Police herded the bands' supporters around London in an attempt to stop them getting to see their favourite bands.

Two concerts - one big difference - Skrewdriver are White and Public Enemy are Black. The authorities, Media masters and the Red rabble have all conspired to do everything in their power (In and outside of the Law, and contrary to the rights of individuals to move and choose freely their opinions and musical tastes) to stop the message of White Pride and awareness getting across to the people of Europe.

To help them in their aim of destroying everything Aryan, they promote the the music and Political hatred of Black Power "musicians" (Public Enemy, Ice T, Ice Cube etc..).

Our message to these scum is :- We WILL play on ! Whatever you throw at us, we and our Army of thousands of dedicated supporters will always bite back. We are here to stay, and here we will remain in ever-growing strength.

ARYAN FEST

On the 5th of September hundreds of Skinheads from all over America arrived at the Aryan Festival 1992 (AF '92), located at a Desert camp outside Los Angeles, California.

Among the events taking place over the weekend the main attraction was the presence on stage of both No Remorse and Dirlwanger.

The event also attracted the attention of the Press and Television News, also a small demonstration by Reds of various denominations was held about fifteen miles away.

Making a big impact was top US talent in the form of three relatively new bands - CIS, Frontline and Aggravated Assault.

US Skinheads have it worse than most as Gary (Bassist of No Remorse) explained "It's like war over there, their fight against ZOG (Zionist Occupation Government) is real. From training to survive in the wild to dodging the bullets of a drive-by shooting and dealing with the threat of Police informers, they've got it all against them and they still battle on."

Against the background of all this, the Skinhead Movement in the USA is flourishing- more bands, more Skinheads and now there are plans afoot for a US N.S. Skinhead record label.

DESERT STORM NEW MAXI SINGLE

During their visit to America both bands went into one of the many L.A. recording studios to put down two tracks each for a forthcoming maxi-single produced by Rebelles Europeans and also to be released by the new US label.

We fly the Swastika and Robert Mathews are the two, previously unreleased NR tracks. White Power Rock'n'Roll and Honkey tonk Rebel are the offerings from Dirlwanger.

This Maxi-single is titled "DESERT STORM" after AF'92.

FLYING THE FLAG

The Music magazine NME recently felt compelled to dedicate half of its paper to the "distressing" story that 'Student Idol' Morrissey was seen waiving a Union Jack flag. Morrissey outraged the NME even further by using a photo of two Skinhead girls as a backdrop at one of his gigs.

We mention this, not out of like for Morrissey, rather as an example of how 'Anti-British' our (?) Music media really is. This 'NME scandal' came in a week when a song advocating the use of drugs was reaching a prominent position in the charts and also receiving prime-time airplay on all the major radio stations, alas, the NME were silent on this one!

If you want to get into a scene that is drug-free, pro-British, homo-free and operating outside the confines of the commercial music business, then get with Blood and Honour - The Magazine that's 100% WHITE!

Gay SKIN ? Propaganda

Recently Channel 4 TV put out a programme titled 'OUT'.

'Out' was a series of one hour programmes about Homosexuals and Lesbians. Through the weeks it had featured Queers in cowboy suits, freaks dressed up in womens clothes and even had sickening scenes of mentally and physically disabled men kissing and undressing each other.

Every minute of this trash was a disgraceful example of how our media bosses wish to thrust the lowest kind of depravity upon us.

Among the subjects covered was 'Skinheads'. Not as you may have expected (The usual

OUT

Thuggish image), this time they had the audacity to claim the Skinhead style as their own.

To substantiate their claims they brought in a couple of Rent boys and a Skinhead by the name of Nick Crane.

At one time in his life, Crane was a highly respected Skinhead, physically fit and strong minded. The fact that ten years on he has physically diminished and spends most of his time comforting

"friends" is a lesson in itself to those who cannot live up to our high National Socialist standards.

As for the rent boys who claimed to be Nationalists, they should be reminded that if Nationalists ever gain any power in this country (and we will) they will be resigned to the rubbish tip along with the makers of this degenerate filth.

STRAIGHT AS F**K

One amusing result of this programme was the reaction of many non-political Skinheads who were 'deafened' by the silence of their 'so-called' leaders towards this programme. Many of them have shown support for our stance, even to go as far as printing up t-shirts with STRAIGHT AS FUCK emblazoned across them (as opposed to the gay activist slogan seen on the programme 'Queer as Fuck')

It looks like another attempt to blacken the name of Skinheads has again fallen flat on its face.

LIVE IN LONDON

Blood and Honour

BACK

WITH A

BANG!

SKINHEADS and Nationalist
Youths came from all over Europe to attend one of the biggest events ever staged by Blood and Honour.

More than a thousand people travelled into central London to be met by a rabble of filthy Anarchists and drugged-up Communists who attempted, but failed to stop the concert taking place.

On these pages we have reproduced a sample of the press coverage that this concert attracted.

We salute all those fine Nationalists who, in the face of Communist agitation and Police oppression came through fighting, and if Waterloo was a battlefield, then our three-sevens banner would be waiving in the winds of Victory.

Our sympathies go out to those people who were stopped from getting to the venue by the illegal actions of the Police, You will be pleased to know that there is another concert planned for the not too distant future and arrangements will be made to ensure that all of our supporters make it to the venue.

The concert was excellent, Skrewdriver put on a show that was second to none, No Remorse played their best show in years and Dirlewanger got a great reception on their debut British gig. Blood & Honour - NO SURRENDER!

Good News For all those people who didn't make it and also for those that did is the fact that two of the bands that played were recorded in action and are due to have a split live LP/CD released on Rebelles Europeens.

At one point during the concert the Police had threatened to storm the building, obviously outraged at the thought of White People drinking, having a good time and listening to their favourite bands, this did nothing to spoil the jubilant atmosphere inside and both the bands and their supporters stood defiantly together.

SKINHEAD - MANIA

All over Europe and America the Skinhead Movement is on the rise. There are many reasons for this, among them is the fact that the Skinhead scene is the last Youth Cult that has a nonconformist stance and is untouched by the Drugs scene.

There are groups of Skinheads sprouting up all over the place, there are more bands than ever before, with more music available on LP and CD. The Skinhead press has gone into overdrive with an upsurge in Skinzines.

Attempts by the Left-wing and Queer groups to claim the Skinhead Identity as their own have fallen flat on their face and left a flourishing White Power Skinhead Movement that is more informed and organised than ever before.

Nazi clash: 30 in court

THIRTY people will appear in court today to face charges of rioting and affray after the clash between neo-fascists and anti-fascists at Waterloo station last night.

As the police moved to clear the area, neo-fascists were charged with rioting and affray.

Police officers were charged with assault on a person in the area.

Only the duty manager, who said the station had been used to protect the public, was not charged.

Anti-Fascist Action Group, which organised the protest, said it would do anything to stop the concert.

SECRET NAZI POP SHOW SET TO FAN RACE HATE

LET THEM HATE

.....SO LONG AS THEY FEAR !

SELECT: Lying to the young.

Reports on the rise of Blood and Honour have been chronicled in many Newspapers and Magazines recently, In this issue we have chosen just one magazine, SELECT, to demonstrate just how biased the Media and Music Propagandists really are.

To young UN-politicised people, the feelings of Family, Racial and National pride are a natural phenomenon Your family is your immediate existence, your race is your identity and the blood in your veins, and your Nation is your heritage, history and place of belonging.

It is these natural feelings that are being eroded today, by the multiracial steam roller. It has now become so wide spread that the media masters feel confident enough to promote Black Power messages to the White youth of Europe and America.

The only culture that young people are encouraged to adopt is "pop" culture. A culture of nothingness, "pop" culture is the ultimate promotion of false belonging.

If you take a look at virtually any song in the "pop" charts these days, you will see absolutely nothing of any substance, the only substance and answers that this scene gives our youth are in the form of the various of mind-killing drugs readily available at nearly every "pop" culture event.

Enter the stage - WHITE RACE ROCK

MUSIC ! Partisans in boots - hardened in their swim up river against the tide of emptiness. White Pride is the message, and to any free thinking individual, who has had about as much as he or she can take of the ills that make up the "mainstream", this fresh ray of hope would indeed be gratefully accepted as an eleventh hour blessing, this would be the case if it were not for the likes of William Shaw, Dave Rimmer, the editors of Select and the various other Youth(?) magazines available today. These Media manipulators know that we are the only threat to their Empire, they paint themselves as Rebels, but in reality they as much a part of the system as the Government itself.

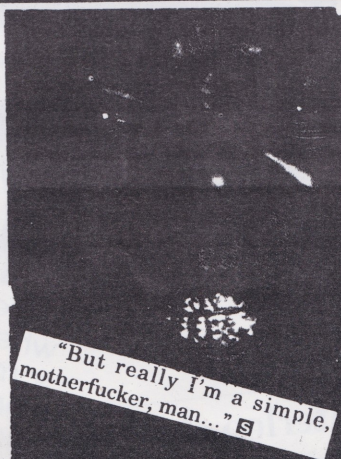

In the November edition of SELECT, Blood and Honour, Skrewdriver etc. get a slagging down (Evil racists, Fascists, Blah Blah Blah!) while just a few pages on there is nothing but praise for vindicators of Black Power.

Whether they like it or not, WE ARE HERE TO STAY !

BLACK AND WHITE

"If black people kill black people every day, why not have a week and kill white people... In other words, white people, this government and that mayor (of LA) were well aware of the fact that black people were dying every day in Los Angeles under gang violence. So if you're a gang member and you would normally be killing somebody, why not kill a white person? Do you think that somebody thinks that white people are better, or above dying, when they would kill their own kind?"

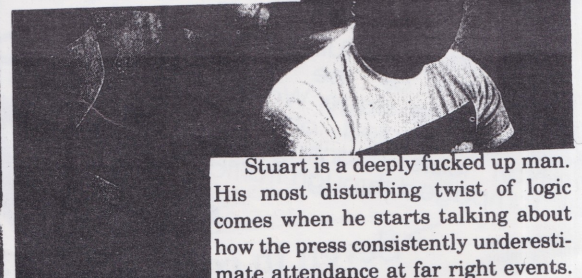

Yeah, summer black school. It was run by the Black Panthers, brothers from the Nation mosques and black students. This was the height of black power, and they felt it was beneficial to our existence. My mother in father were like, You're black and you're proud, you'd better go and learn this black shit cos you're gonna need it. It worked for me,

"But really I'm a simple, motherfucker, man..."

14 fascist rock

London and Berlin;
the return of a nightmare

Stuart is a deeply fucked up man. His most disturbing twist of logic comes when he starts talking about how the press consistently underestimate attendance at far right events.

"Scum! Scum! Scum!" shout the demonstrators. And they are not wrong.

RAZORS EDGE

RAZORS EDGE

RAZORS EDGE were formed in 1990 to help boost a fading Skinhead scene in their area, and since their beginning, Razors Edge have done much to revive the scene. The band have their first recorded material released this month in the form of two tracks on the Last Chance compilation LP, through these they hope to gain credence

among the European Skinhead community and others who have yet to hear their sound. Their live debut was an excellent experience for them, when they were asked by Skrewdriver to support them in their native Birmingham. Here follows a short interview with the band who we're sure you'll hear a lot more of in the future.

NO SURRENDER

HAVE ANY OF YOU EVER PLAYED IN OTHER BANDS ?

None of us have had previous experience, except Dirk who plays for the Oi band "Close Shave".

WHAT TYPE OF MUSIC DO YOU PLAY, AND WHO HAS INFLUENCED YOU MOST ?

We are an Oi band who are influenced by Rock music. Some of our major influences are Skrewdriver, No Remorse, Skullhead, Squadron, 4 Skins, Cock Sparrer, Cockney Rejects, AC DC and Iron Maiden.

WHAT ARE THE MOST IMPORTANT THINGS TO RAZORS EDGE ?

We all enjoy being in the band, but the most important thing to us are the words to our songs. We also think gigging and recording are very important too.

WHY THE NAME "RAZORS EDGE" ?

We decided to name ourselves after the latest AC DC album. They're a great band. Razors Edge is a name that reflects our life style.

RAZORS EDGE

WHAT DO YOU PERSONALLY HOPE TO GET OUT OF THE BAND ?

As individuals we want to help the growth of Nationalism, we would also like to get up the noses of the Reds (You could probably fit your

whole band up Gerry Bagles nose - Ed).

TELL US SOMETHING OF THE SONGS YOU RECORDED FOR THE LAST CHANCE COMPILATION LP ?

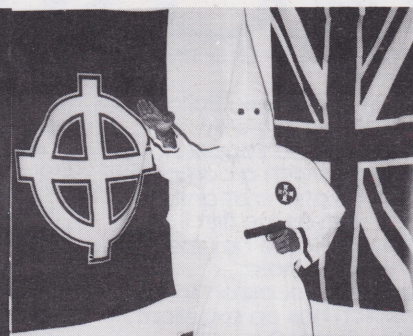

We actually recorded four songs, the other two will appear on LC volume two. "FIGHT FOR ENGLAND" is a song we do about the British soldiers who defend our land, "NORSELAND" depicts our Nordic Heritage, "UNITED GERMANY" is dedicated to our brothers in Europe and the demise of Communism, "NO SURRENDER" is our battle cry to the Marxist scum of the IRA.

WOULD YOU LIKE ANY LAST WORDS WITH THE BLOOD AND HONOUR READERSHIP ?

Yeah, we'd like to thank everyone who has shown support for us. To all the Skinheads and Nationalists we'd like to say KEEP THE FAITH ! Racial regards, Andy, Kev, Dirk and Sid -

Of THE TRUTH

BLOOD AND HONOUR would like to thank the reader who sent in the following article, which was originally printed in a fanzine advertised in NME and various other musical journals of the time. The article features an interview with the one and only (Thank God) Angelic Upstarts.

Many readers will recall the recent BBC TV programme "Open Space" which was presented by none other than Upstarts singer "Mensi". On it he told us of his lifelong dedication to Communism and how he has always been a decidedly Anti-Racist fellow. The following genuine interview certainly tells a different story.

YOU TALK LIKE ALI
MENSI - Yeah, I'm the Mohammed Ali of Punk, 'cept I'm White!

AFTER WRITING THE SONG "ENGLAND", WHAT MAKES YOU PROUD TO BE ENGLISH?

MENSI - What makes a Scotsman proud to be Scottish? What makes a Paddy proud to be Irish? The trouble is, there are not enough people in this country who are proud to be English. MOND - Put it this way, you could have been born Greek or an Iranian, that should make you proud to be English.

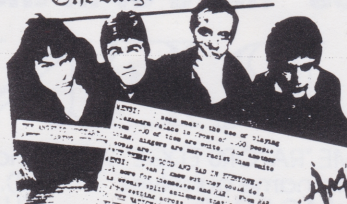

MENSI - You're a racist, you're a racist, this band has been infiltrated by Nazis, ha ha. No seriously, there is no one in this band who is colour prejudiced - just we hate N****RS (This word has been censored in the interest of Race relations by your ever caring B&H) The Anti Nazi League thing is a load of toss.

YOU WOULDN'T DO RAR AGAIN?

MENSI - What's the use of playing the Alexandra Palace to 4000 people when 3900 are white, and another thing, N****RS (tut tut Mr Mensforth) are more racist than we are.

DO THE NF SKINS TRY TO INFILTRATE YOU?
MENSI - Yeah, they try.
DO YOU THINK IT'S JUST SOMETHING TO FOLLOW?

The Angelic Times

Angelic Upstarts
ENGLAND

Yeah, it's just a fashion, the best part of them aren't Nazis. People are entitled to their own views, whether I think they're right or wrong. It's a free country, You shouldn't be ashamed to be English or White, which is another

thing the SWP put over, it's as if it's our fault we were born White, we should have all been born N****RS (oh dear, this really won't please your new leftie friends will it MR M) I've got nothing against N****RS (there you go again) but I'm proud to be White!
SO PERHAPS THE SWP, IN A WAY, CAUSE MORE TROUBLE BETWEEN FACTIONS?

MENSI - I'm sure they do, they had a march in London, one of these Troops Out things, I went down just to clock the situation. It's the same faces all the time, these poxy students with long hair, glasses and shoulder bags. Getting the troops out isn't the solution to the problem. I'll tell you who I thought was a great Politician who got slagged down, and that was Enoch Powell. I don't think he was a racist at all, he just predicted things that DID happen. He was the most underrated Politician of all time, until he was exiled to some remote Irish constituency. The papers branded him a racist. If NME get hold of this fanzine and read this interview, they'll brand me a racist. I think Enoch Powell should have been Prime Minister.

RECORD REVIEWS

PATRIOTIC BALLADS II - OUR TIME WILL COME.

The concept of Patriotic Ballads has really taken off in a big way, so much so that Ian and Stigger have taken to the road with a completely acoustic set of Nationalist anthems.

In the same vein as the first Ballads LP, Our Time Will Come has the added bonus of female accompaniment vocals on some of the tracks which has an excellent effect to the whole LP.

The most outstanding tracks are 'Our Time will come', 'Never give in' and a classic Anti-Drugs song 'Wasted Life'.

Many older people would have never imagined that they would one day be investing in Skinhead records but this is what is happening. Ian Stuart should be congratulated for another breakthrough in the struggle to spread the holy word of National socialism, Long may these records continue to inspire.

WHITE DIAMOND - POWER AND GLORY
For anyone into Heavy Rock this is a must. A definite improvement on 'The Reaper'.

Ian Stuart has now formed White Diamond as a full time band and will shortly debut on the Live circuit.

'Refugee - You're not fooling me' is the cry from W.D. > against the background of Europe's deadly threat of coloured Immigration. Other songs that come to the fore are 'Rise up', 'To freedom we ride' and 'Outlaw'.

This LP also features some excellent vocal work by Stigger who has his solo LP released sometime in 1993. We look forward to that immensely.

LIONHEART - CRADLE TO THE GRAVE

This seems likely to be the last Lionheart LP and probably the best. The distinguished vocals of Jackie are gone, replaced by the voice of Skrewdriver bass supremo 'Johnny H'.

To show that Nationalists have a sense of humour, Lionheart give us 'Breakfast with Bernard(Manning)' and 'Morris Dancers revenge'.

Hitting out at student layabouts 'Crusty Punks' is probably the best track on the LP with lyrics as follows:-

You never wash and you're never clean,
You live your life through a drugged up dream,
You're a vegan who never works,
You're a junkie and a jumped up jerk,

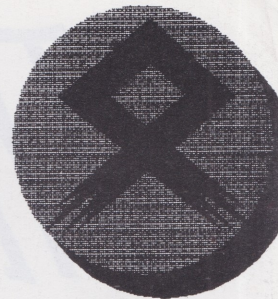

Lying in the gutter with burnt out views,
Burned out with nothing to loose,
Hepatitis and HIV - Diseased filth don't come near me.

"Unconfirmed reports indicate numerous scummy drop outs in the area - pest control have been alerted"

You're on the Riots on my TV,
Always ill and very greasy,
Never work a day in your life,
You live in a Squat and you share your wife.

LIONHEART LP WILL BE OUT IN NOVEMBER AND AVAILABLE FROM : LIONHEART, PO BOX 249, DERBY, DE21 9EG.

SKINHEADS STREBEN FUR EIN BESSER DEUTSCHLAND

SKINHEADS STRIVE FOR A BETTER GERMANY

Germany awoke in a big way recently to the very real problems of an ever increasing influx of unwanted foreigners. Politicians, scared to voice the feelings of the people that they propose to represent, have failed to put their own people before outsiders.

"I think its great what the Skinheads have done" said a blonde girl aged fifteen. "You don't understand? well you would if you lived here."

"We will not stop until Deutschland is pure Aryan". His parents had cheered him on and his grandmother handed him cobbles with which to bombard the foreigners apartment block. When Police tried to arrest him, the mob closed in and gave protection. At school his teachers told him he was doing wrong, but he said "Nobody gives a toss about what teachers say these days."

Citizens cheer nazi rioters

German police fear pro-Hitler violence

The situation in Germany is another example of how Multi-Racialism is doomed to fail where ever it raises its ugly head.

It's not surprising that in frustration the young people of Germany have taken the law in their own hands - to protect what is rightfully their own.

A middle-aged unemployed welder who complained that his daughter had been molested by foreigners said "The established politicians have failed. We'll vote for the extreme right next time."

Neo-Nazis set fire to hostel lies shattered by skinheads

The feeling is growing and we send our message of solidarity to our white brothers and sisters in the German Fatherland who intend to change the destiny of their land for the better.

HEIL DEUTSCHLAND! HAIL EUROPE! "AUSLANDER FREI"

Remember

On Saturday 15th of August thousands of National socialists came from all over Germany and Europe to gather at Rudolstadt, Northern Bavaria, to pay tribute to Hitler's deputy, Rudolf Hess.

His cause was one of Honour, Loyalty and Truth. National Socialists all over the world carry on the struggle that this great man persevered with until he was murdered in 1987.

The Forbidden Truth

The S-Z Fanzine of Germany recently published a documented list of forbidden symbols. The reason that they did this was to prevent Skinheads and National Socialists in Germany from being arrested. These ridiculous laws also apply to people visiting the country, as some British Nationalists found out on their way to the recent Rudolf Hess demo. France too, has insane laws about symbols but fortunately not

to the extent of those in Germany.

The list is not a wild guess, but, a copy of an official Police document that was obtained at a Skinhead rally in Bamberg. This is more than an article on what is right or wrong, its an example of how a Nation has forbidden its people to know and to see the truth. Needless to say, there are no forbidden Communist or Anarchist symbols.

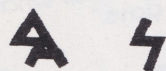

SWASTIKA - (Forbidden - Punishable)
Symbol of the NSDAP. Forbidden in all variations, with or without Reichs Eagle.; on Flags and Badges.

BROKEN SWASTIKA - (Not Forbidden)
From the graphic shape this is an unmistakable rejection of National Socialism.

DOUBLE SIGRUNE - (Forbidden - Punishable)
Symbol of the Waffen SS.

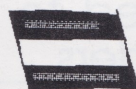

SIGRUNE - (Forbidden - Punishable)
Slightly altered Sigrune, symbol of the forbidden Action Front of National Socialists (ANS).

CELTIC CROSS - (Forbidden - Punishable)
Symbol of the outlawed Peoples Socialist Party of Germany. Also a recognisable symbol of the Skinhead Movement.

WOLVES HOOK - (Forbidden - Punishable)
Symbol of Militancy valour, formerly the emblem of the Voluntary Tank-Rifle Brigade Holland. Also used by the Banned Young Front (JF).

OUR HONOUR IS LOYALTY Patch (Forbidden - Punishable)
Judgement was made against the wearing of this patch on the 5th of March 1992 in Bayreuth. This was the slogan awarded to the SS Schutzstaffel (Protective Division) by Adolf Hitler. The Judgement is not yet legally binding.

ODAL RUNE - (Not Forbidden at present)
Although this is on the list as not forbidden, there are conflicting legal opinions with the State prosecutors in Munich, Bamberg and Stuttgart.

Giving a "SIEG HEIL" salute is also forbidden and can result in a jail sentence, so too does a "Three fingered Salute".

BM SUPPORT

Dear NS Comrades,

We, the Leader Guard of the British Movement send our congratulations to you, your fellow National Socialist Skinheads and other comrades that joined you in the "Battle of Waterloo"

Despite the best efforts of the Red scum that were well armed, not searched by the Police and allowed to attack as a mob, the gig that they said would never happen went ahead and was a tremendous success.

The ZOG government, Police and Reds spent a fortune to try

and prevent your gig, to stop White working class youth from enjoying themselves, but they failed.

This was undoubtedly the best Nationalist gig held in London in recent years, professionally handled and organised.

We know that bigger gigs are planned for the near future and again the Red Front will organise to stop them, but white youth world wide are now coming together as never before and will dictate the terms to the enemy, the gigs will go on!

Congratulations again to Skrewdriver, No Remorse and to the great band from Sweden, Dirlwanger,

NS Regards, The TITAN

Blood und Ghre

Blood and Honour mochten den deutschen kameraden danken, welche kurzlich zum konzert nach London kamen. Die Kommunisten versuchten das konzert zu verhindern, aber sie waren erfolglos. Wir werden bald wieder ein konzert in London veranstalten. Alle unsere europaischen kameraden sind dazu naturlich herzlich eingeladen. Wir treffen uns dort !

Alle die, welche nicht zum konzert kommen konnten, werden erfreut sein, zu erfahren, das ein LP herauskommen wird mit No Remorse und Dirlwanger "Live in London".

Dirlwanger's LP "White Power Rock'N'Roll" wird im November herauskommen.

No Remorse und Dirlwanger haben kurzlich in Amerika auf dem Aryan Fest 1992 gespielt.. Wahrend sie in Amerika waren, haben heide bands zwei lieder fur eine maxi single aufgenommen, welche in Amerika bei Homeland Records produziert werden wird und in Europa bei Rebelles Europeens.

Blood and Honour Skinheads haben Kommunistische demonstration in Folkstone, Kent, angegriffen, welche gegen ein Skinhead disco demonstrierten. Wieder ein sieg gegen den roten Abschaum.

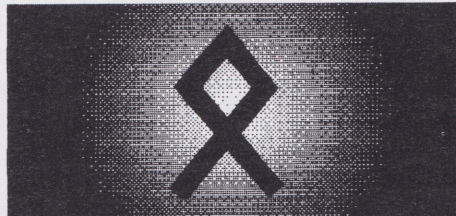

Rebelles Europeens haben nun einen neuen katalog herausgebracht fur eine freie kople schreibe an : Rebelles Europeens, 11 Rue Jean Jaures, Brest 29200, FRANCE.

NS Skinheads in Spanien verursachten

bei der eroffnung des "Seville Expo '92" einen krawall. Die Botschaft der Weissen Macht fahrt fort, sich uber Europa zu verbreiten.

English Rose werden ihre debut LP im November auf dem Rebelles Europeens label herausbringen.

Das Last Chance Fanzine haben zusammen mit Rebelles Europeens eine kompilation LP herausgebracht mit dem titel "Last Chance" welches einige der besten neuen Britischen bands (vorstellen) darstellen. Die zweite platte (LP) wird in 1993 herauskommen.

REbelles Europeens hat die in 1982 erschienene "Ovaltinees" maxi single "British Justice" in einer neuen (unveranderten) aufage wieder herausgebracht. "Ovaltinees" werden vielleicht in 1993 fur ein oder zwei konzert zuruck kommen. Sie haben einen vertrag mit Rebelles Europeens angeboten bekommen.

In 1984 haben Kommunisten versucht die Skinhead Identitat als ihre zu beanspruchen. In 1992 haben die Homosexuellen versucht unsere identitat zu beanspruchen, dieses verursachte, dass die Skinheads viele angriffe auf Homosexuelle machten. SKINHEADS SIND WEISSE MACHT, AUFRECHT UND STOLZ !

Blood and Honour bittet deutsche Skinheads Zeitungs berichte, Bilder und Neuigkeiten von was in Euerer stadt, in Euerem land geschieht, uns zuzusenden. Danke schon.

Robert Miles

Bob Miles passed away recently, some say, as a direct result of an attack on him by FBI agents, which is unsurprising considering the way that these ZOG agencies hound the honest people in America. For those people who didn't know of Pastor Miles, it would be true to say that he was a true leader of American Nationalists, the backbone and brains of the Resistance Movement. Rest in Peace Bob, and may your death be avenged and every traitor be accountable for their racial treason. You will be missed.

Court exposes Nazi informer

After his acquittal, Gable told *Time* Out that while working as a reporter for LWT's 'The London Programme', he paid Thompson £500 and £480 for top-secret League of Saint George material, including its membership records and a list of former SS officer 'contacts'. This disclosure of double-dealing by Thompson — who insisted in court that

SCUM OF THE EARTH !

In a previous edition of Blood and Honour we warned our readers of contact with the "League of St George" and "Steven Books" due to rumours of insincerity amongst the afore mentioned groups. Our suspicions were confirmed recently, when Keith Thompson was exposed as an informer for the notorious Lie sheet "Searchlight". Mr Thompson and his ilk had better be reminded that there is no place in the Nationalist Movement for Traitors. You have been warned.

MARTYN FRELENG, 28, bears an uncanny resemblance to Hermann Goering. I met him in a steak house in Dresden, shortly after a march through the city by hundreds of leather-jacketed, Nazi-saluting, Wehrmacht-capped youths.

The demonstration had been organised by Germany's Nationale Offensive, one of the 30 neo-Nazi groups now operating in the country with virtual impunity. Attempts to ban the march were overruled by a district court which argued that it did not constitute a threat to public order.

"Foreigners out," they screamed in unison. "We don't want any foreigner pigs!" The chants echoed off buildings destroyed by the infamous Allied air raids 47 years ago. But the Dresdners simply watched and some even joined in the chanting. A lone girl on a bicycle made a futile attempt to shout down the procession. The march ended with a speech by the group's leader, Michael Swierczek, 31, who carefully avoided any overtly racist remarks beyond claiming that there were "millions of comrades" opposed to foreigners in Germany.

Martyn Freleng studies "social and cultural science" at Rotterdam University. He is Dutch, speaks fluent English and German, and spends much of his time in Munich as a neo-Nazi organiser, forging links between neo-Nazi groups and the Dutch

'Germany for the Germans – foreigners out.' 'Nationale Offensive'

ANS extremist right-wing organisation. He also carries a gun in the inside pocket of his black leather jacket and claims to have spent time during the past year with the Croatian fascist paramilitary organisation, HOS, killing Serbs. "I think all Serbs should be exterminated. They do not belong to our culture or civilisation, don't you agree?"

As skinhead members of the Nationale Offensive filed in to drink beer, Freleng rose from his seat to greet comrades with the customary "*Sieg Heil*".

He spoke freely of his views and beliefs: "I like violence because, unlike politics, it works. The best way to stop refugees coming to Germany would be to cut off their heads and put them on poles at the German border for them to see. This is what I mean by effective violence."

Freleng then proceeded to defend National Socialism, a movement he said he was proud to be member of.

The ideology was straight out of Hitler's *Mein Kampf*. Freleng and his colleagues see themselves as engaged in a life and death struggle to preserve their identity as members of the "German race". According to this credo, Germany is currently

experiencing an invasion by sub-humans from eastern Europe and black Africa, who are stealing German *Lebensraum*.

He states that all German humanitarian aid to the Third World and eastern Europe should be halted immediately. Famine-stricken countries such as Somalia should be "left to die". At the same time the German government should give German families incentives to have more children. Freleng is also convinced that the slaughter at Nazi concentration camps during the Second World War is a lie propagated by Jews, "who still have a dangerous monopoly over today's German media".

He and his fellow "comrades" are busy carrying on a struggle for the hearts and minds of young east Germans in schools and youth clubs. "National Socialism is 'in' in the east. The

kids are flocking to us like flies. We are strong because we National Socialists are comprised of many organisations. If we became a single party now, we would almost certainly be banned."

He may be right. A recent study in the east German state of Brandenburg showed that 42 per cent of young people aged between 14 and 18 agree wholeheartedly with the neo-Nazi slogan: "Germany for the Germans – foreigners out." A third of that group went even further and believed that "foreigners should be beaten up and kicked out".

Such racism is whipped up by popular skinhead rock bands playing throughout Germany, particularly in the east. Intelligence service estimates put their number at around 50. The lyrics of the song *Sympathisiers* by the group Volkszorn, or People's Anger, are as follows: "Muslim, oh Muslim, you heap of shit, look at yourself, you are only a pig that stinks of garlic."

Despite a 500 per cent increase in the number of neo-Nazi attacks on refugee hostels in Germany over the past year, ten deaths as a result of racist violence, and the known existence of more than 6,000 neo-Nazis, Bonn has so far opted to play down the threat posed by organisations such as Nationale Offensive. The policy may be horribly mistaken, if Freleng and his comrades are anything to go by.

White Whispers

BRITISH TV

These days whilst watching British TV or reading the Newspapers, one could be forgiven for thinking that you were in another world. Channel 4, as usual is the worst culprit for these crimes against the human mind, although the other channels are not far behind. Obviously with the assorted Queers, limp-wristed lefties and the usual Semitic bosses, we can not expect honest, unbiased, objective reporting, but our media as they say colloquially "take the piss".

Whenever there is an article on South Africa, the so-called reporters always refer to the White politicians as if they are criminals, instead of people attempting to represent their Nation. Whilst always deriding Whites, the hacks constantly refer to the verminous terrorists of the ANC as "pro-Democracy" demonstrators (Just like like Israel eh? -ED) If it wasn't so sick it would be hilarious because apart from most of the ANC leadership being extreme Communists, or Zionist butchers, if they ever gain power, South Africa would be plunged into the most barbaric bloody civil War ever witnessed.

BRITISH TV PART 2

Our intrepid journalists were also in action in France just prior to the disappointing fractional "No Vote" over the Maastricht Treaty. The trash on our TV reported on the French campaign by informing us that the campaigners included Gaullists, Socialists, Communists and "pause for shock horror" the EXTREMIST Front Nationale, implying that the honest Politicians of the FN are extremist and therefore void of any respectability, whilst the others including the Communists, under whose perverted system, more people have been butchered than

any other Political era in History.

One must wonder why our TV staff continue with their Marxist, Anti-White rhetoric, when Communism is supposed to no longer be a threat. This is obviously wrong, and the Red Beast still has its claws and is alive and well, living in the British Media.

SAUSAGE JOCKEYS

Channel 4 really out does itself on offending normal people these days. Its Queer "OUT" programme about unnatural freaks is one of the most disgusting spectacles ever to be screened. If you are entertained by seeing two perverts sunk up to the nuts in each other then you definitely need to see a specialist (Preferably one with a loaded shotgun), most people are definitely not.

One of these programmes featured several SCUM who called themselves Skinheads. This was obviously not factual, as true Skinheads do not hang out of other men. Some of these creatures boasted of their first experiences with other men, it was enough to make you sick, and I can't help but hope that it won't be too long before these odious degenerates are bemoaning their first experience of getting battered, and I don't mean 'round the ring. Keep away from our Movement for your own health's sake!

SOUTH AFRICA- SHAKE UP

President De Klerk of South Africa recently announced a big shake up in the Republics Police Force. This was of course another move to appease the Communist Scum of the ANC. Ironically, it was answered with yet another slap in the face for bootlicker De Klerk from the ANC who proclaimed the exercise as another play by "de wicked racists"

to fool the infinitely smart ANC into thinking that the Police were not Racist. The ANC also complained that they were not consulted about this move. The arrogance of these stinking, flea-ridden Terrorists is absolutely boundless. To consult them on such a subject would be equivalent to asking a notorious Burglar to supervise you on the security of your house. Of course our scum media once again, supports the Terrorists every demand. It is hoped that the Zulu Inkatha Movement will continue their good work and show the world how to deal with the ANC filth, the only way that they understand.

FUNNY SORT OF RELIGION

This month witnessed a demonstration outside of the home of Rock o Rama records Boss Herbert Egolt and his young family. Amongst the human sewerage involved in this undemocratic gathering was a local clergyman who also teaches at the near-by school. His sermon of the day came in the form of encouraging the local children to chant slogans to the effect of "Kill Herr Egolt", The devil must be laughing at all these so-called Christians doing his work for him and his Zionist children. Its been a long time since the true White man found any real comfort and meaning in the Church and its Queer vicars etc. Race will forever remain our religion.

DIVVIES OF THE DAY

The Funniest sight of the recent Anti Nazi campaign against Blood and Honour must have been the sight of the stupid Lefties that stood outside a Pub for most of the day and evening. The Pub is about fifteen miles away from the venue of the BSH gig. It stands opposite a concrete factory in the middle of an empty industrial estate. The Police were also out in force. Blood and Honour has awarded them with the Divvies of the Day award. If only they'd come near enough for us to give it to them.
